AUSTRALASIAN PLANT SOCIETY

Promoting the cultivation and conservation of Australasian plants, and their closest relatives, in northern hemisphere gardens

SEED LIST 2025 updated 2026

Please note:

Currently we are unable to send seeds directly to European Union countries unless the seeds are accompanied by a phytosanitary certificate. If you reside in Europe please contact Janet about ordering.

SEEDLIST 2025

New species for 2025 are in **bold type**.

New stock for 2025 is in *italic type*.

Species added after May 2025 are in red.

An asterisk* indicates a Tasmanian endemic species

Seeds are divided into three categories and then listed in alphabetical order within plant families. Plants within a plant family share characteristics, which may include germination conditions. Scientific names in brackets are synonyms.

Members are entitled to up to twenty packets of seed in any one 12 month membership period. All species are subject to availability. Seed donors are entitled to an extra packet of seed for each species donated.

No more than three packets of Banksia seed may be ordered in any 12 month membership period.

The APS also holds some species that are not included on the list because the seed is old and/or we are not sure that it is viable. If something you want is not listed ask Janet at seeds@anzplantsoc.org.uk if she has any.

You can list species you would like us to stock on the request section of the order form. We will try to obtain them but nowadays supply options are quite limited

Names

The APS relies on suppliers to name seeds correctly. Very occasionally the plant that appears turns out to be something other than what it says on the label. If you know or suspect that this has happened please inform Janet at seeds@anzplantsoc.org.uk.

Smoke Primer discs

We also offer Kirstenbosch Seed Primer paper discs. Each disc costs £2 and will make enough smoke water to treat approximately 100 large seeds. Discs should be stored in a refrigerator until used. They will keep for up to two years. Place the paper disc in a small container. Add 50 ml of water to the container to wash the primer from the paper. Soak seeds for 8 to 24 hours in the primer solution. Remove seeds and sow.

1 Short shelf life - order now!

CYATHEACEAE - Tree ferns

Cyathea australis (Alsophila australis)
Cyathea cooperi (Sphaeropteris cooperi)

ASPARAGACEAE

Cordyline australis 'Purpurea'
Cordyline indivisa

ASTERACEAE Daisy family

Ammobium alatum (garden saved, UK provenance)
Craspedia variabilis
Verticordia densiflora
Verticordia plumosa
Xerochrysum bracteatum (garden saved, UK provenance)

BIGNONIACEAE - Climbers

Pandorea pandorana

PITTOSPORACEAE

Billardiera longiflora

RANUNCULACEAE

Clematis aristata
Clematis microphylla

WINTERACEAE

Tasmannia lanceolata

ZINGIBERACEAE

Alpina caerulea

2 Seed from plant families with generally good shelf life

CASUARINACEAE She-oaks

Allocasuarina distyla
*Allocasuarina monilifera
Allocasuarina littoralis
Allocasuarina nana
Allocasuarina paludosa
Allocasuarina torulosa
Allocasuarina verticilllata
*Allocasuarina zephyrea
Casuarina cunninghamiana
Casuarina glauca

FABACEAE Pea family

Wattles

Acacia acinacea
A. acradenia
A. acuminata
A. adunca
A. amblygona
A.amoena
A. argyrophylla
A. asparagoides
A. aspera
A. assimilis
A. baileyana
A. baileyana "Purpurea" (UK provenance)
A. barringtonensis
A. boormanii
A. brachybotrya
A. brownii
A. brunioides
A. burkitii
A. buxifolia
A. cardiophylla
A. costiniana
A. cultriformis
A. dawsonii
A. dealbata
A. deanei
A. declinata
A. decora
A. drummondii
A. drummondii subsp. candolleana
A. drummondii subsp. drummondii
A. drummondii subsp. elegans
A. dunnii
A. elongata

A. extensa
A. falcata
A. falciformis
A. fimbriata
A. floribunda
A. frigescens
A. genistifolia
A. gladiformis
A. guinetii
A. howittii
A. imbricata
A. implexa
A. iteaphylla
A. jonesii
A. julifera
A. kybeanensis
A. lanigera
A. lasiocarpa var. lasiocarpa
A. leptospermoides
A. longifolia
A. longifolia subsp. sophorae
A. macradenia
A. mearnsii
A. melanoxylon
A. montana
A. mucronata
A. myrtifolia
A. nanodealbata
A. nigricans
A. obliquinervia
A. obtusifolia
A. oxycedrus
A. paradoxa
*A. pataczekii
A. penninervis
A. phlebopetala
A. podalyriifolia
A. polybotrya
A. pycnantha
A. pycnostachya
A. retinodes
*A. riceana
A. rubida
A. sclerosperma
A. siculiformis
A. silvestris
A. stricta
A. suaveolens
A. sulcata var. planoconvexa
A. terminalis
A. torringtonensis
A. trinervata
A. uncinata
A. verniciflua
A. vestita
A. williamsonii

Other pea family
Albizia lebbeck
Baeckea linifolia
Baeckea virgata
Barklya syringifolia
Bossiaea cinerea
Bossiaea foliosa
Callistachys lanceolata
Canavalia rosea
Chorizema diversifolium
Clianthus puniceus pink
Davesia mimosoides
Davesia ulicifolia
Erythrostemon gilliesii (Caesalpinia gilliesii, naturalised species)
Gastrolobium cuneatum
Goodia lotifolia
Glycine canescens
Hardenbergia violacea (purple flowers)
Hardenbergia violacea f. alba (white flowers)
Hardenbergia comptoniana
Hovea elliptica
Indigofera australis
Indigofera monophylla
Kennedia beckxiana
Kennedia coccinea
Kennedia eximia
Kennedia macrophylla
Kennedia nigricans
Kennedia prostrata
Kennedia prostrata (white flowered)
Kennedia rubicunda
Podolobium ilicifolium

Pultenaea retusa
Senna sp. aff. aciphylla (UK provenance)
Senna artemisioides (Cassia artemisioides)
Senna artemisioides subsp. zygophylla
Senna odorata
Sophora howinsula
Sophora microphylla
Sophora 'Sun King'
Sophora tetraptera (UK provenance)
Sophora tomentosa
Swainsona formosa
Templetonia retusa
Viminaria juncea

HAEMODORACEAE - Kangaroo Paws

Anigozanthos flavidus (green flowers)
Anigozanthos flavidus (red flowers)
Anigozanthos flavidus
Anigozanthos flavidus mixed colours
Anigozanthos humilis
Anigozanthos manglesii
Anigozanthos rufus
Anigozanthos viridis

MALVACEAE - Hibiscus and Bottle trees

Alyogyne hakeifolia
Alyogyne huegelii
*Asterotrichion discolor
Brachychiton acerifolius
Brachychiton bidwillii
Brachychiton populneus
Brachychiton rupestris
Entelea arborescens
Lagunaria patersonii
Plagianthus divaricatus
Plagianthus regius

MYRTACEAE - Eucalypt, Guava and Myrtle family

Bottlebrushes

Callistemon sp. aff. acuminatus
C. brachyandrus
C. chisholmii
C. citrinus
C. comboynensis
C. glaucus
C. linearifolius
C. linearis
C. montanus
C. pachyphyllus (red flowers)
C. pallidus
C. pearsonii
C. phoenicus
C. pinifolius (red flowers)
C. pityoides
C. polandii
C. pungens
C. recurvus
C. rigidus (may be C. subulatus)
C. rugulosus
C. salignus
C. salignus (red flowers)
C. sieberi
C. teretifolius
C. viminalis
*C. viridiflorus (Melaleuca virens)
C. 'Violaceus'
Callistemon (dark red flowers)

One-sided bottlebrushes/ claw flowers

Calothamnus gilesii
Calothamnus quadrifidus
Calothamnus rupestris
Calothamnus sanguineus
Calothamnus validus

Gum trees

Corymbia citriodora (E. citrodora)
C. ficifolia (E. ficifolia)
Eucalyptus albens
E.alpina
***E. amygdalia**

E. annulata
***E** archeri
E. badjaensis
***E.** barberi
E. brookeriana
E. burdettiana
E. cannnonii
E. caesia subsp. magna
E. cneorifolia
***E. coccifera**
E. consideniana
E. cordata
E. crucis
E. delegatensis subsp. delegatensis
E. eximia
E. fastigata
E. gardneri
E. glaucescens
E. globulus
E. globulus var. compacta
E. gregsoniana
***E.** gunnii
E. incrassata
***E.** johnstonii
E. kybeanensis
E. lehmanii
E. leucoxylon subsp. megalocarpa
E. leucoxylon subsp. petiolaris
E. leucoxylon subsp. rosea
E. macarthurii
E. macrandra
E. macrocarpa
E. mannifera subsp. praecox
E. megacornuta
E. melliodora
E..mitchelliana
E. moorei
E. neglecta
E. nicholii
E. nitens
E. nova-anglica
E. nutans
E. obliqua
E. orbifolia
E. oreades
E. ovata
E. parvula (was E. parvifolia)
E. pauciflora subsp. niphophila
E. pauciflora subsp. pauciflora
E. perriniana
E. preissiana
****E. pulchella***
E. pulverulenta
E. radiata
E. regnans
****E. risdonii***
***E.** rodwayi
E. rubida
E. scoparia
E. sieberi
E. spathulata
E. stellulata
E. stricta
***E. tenuiramus**
E. tetraptera
***E.** urnigera
E. viminalis

Kunzeas
Kunzea ambigua
Kunzea baxteri
Kunzea capitata
Kunzea ericifolia (K. vestita)
Kunzea ericoides
Kunzea parvifolia
Kunzea pomifera
Kunzea pulchella
Kunzea recurva

Tea trees
Leptospermum brachyandrum
L. continentale
L. epacridoideum
L. erubescens
***L.** grandiflorum
L. grandifolium
L. lanigerum
L. juniperinum
L. laevigatum
L. liversidgei
L. myrtifolium

*L. nitidum
L. obovatum
L. polygalifolium
*L. riparium
L. rotundifolium
**L. rupestre*
L. scoparium (Australian provenance)
L. trinervium

Paperbarks and Honey-myrtles

M. alternifolia
M. armillaris
M. bracteata
M. brevifolia
M. calycina subsp. dempta
M. cordata
M. decussata
M. densa
M. diosmatifolia
M. diosmifolia
M. elliptica
M. ericifolia
M. ericifolia nana (dwarf variety)
M. filifolia
M. fulgens
M. fulgens subsp. steedmanii
M. gibbosa
M. glaberrima
M. globifera
M. halmatorum subsp. halmatorum
M. huegelii
M. hypericifolia
M. incana
M. lanceolata
M. linearifolia
M. macronycha
M. megacephala
M. nesophila
M. nodosa
M. pauperitiflora
M. pentagona
M. platycalyx
M. pulchella
M. pungens
M. radula
M. sapientes
M. spathulata
M. squamea
M. squarrosa
M. suberosa
M. subfalcata
M. systena (M. acerosa)
M. thymifolia
M. thymoides
M. trichophylla
M. tuberculata subsp. tuberculata (M. scabra)
M. uncinata
M. violacea
*M. virens (synonym Callistemon viridiflorus)
M. wilsonii

Other Myrtaceae

Agonis flexuosa
Asteromyrtus magnifica
Backhousia citriodora
Baeckea gunniana
Baeckia virgata
Beaufortia sparsa
Calytrix brevifolia
Calytrix tetragona
Chamaelaucium uncinatum
Darwinia citriodora
Hypocalymma angustifolium
Tristaniopsis laurina
Xanthostemon chrysanthus

PROTEACEAE

Banksias

Banksia aemula
Banksia 'Birthday Candles' (open pollinated, UK provenance)
Banksia conferta var. conferta
Banksia conferta var. penicillata (B. penicillata)
Banksia ericifolia var. macrantha
Banksia grandis
Banksia integrifolia

Banksia integrifolia subsp. compar
Banksia integrifolia subsp. integrifolia
Banksia oblongifolia var. oblongifolia
Banksia integrifolia x marginata
Banksia media
Banksia marginata
Banksia oblongifolia
Banksia ornata
Banksia paludosa
Banksia paludosa subsp. paludosa
Banksia paludosa subsp. paludosa low form
Banksia praemorsa (wine flowers)
Banksia praemorsa (yellow flowers)
Banksia robur
Banksia serrata
Banksia spinulosa
Banksia spinulosa var. collina (B. collina)
Banksia spinulosa var cunninghamii
Banksia spinulosa var. neoanglica

Banksias that were formerly Dryandra
Banksia formosa (Dryandra formosa)
Banksia undata (Dryandra praemorsa var. praemorsa)
Banksia undata var splendens (Dryandra praemorsa var. splendens)
Banksia stuposa (Dryandra stuposa)

Other Proteaceae
***Bellendena montana**
Buckinghamia celsissima
*Cenarrhenes nitida
Grevillea crithmifolia
Grevillea eriostachya
Grevillea nudiflora
Grevillea paniculata
Grevillea petrophilloides
Grevillea ramosissima
Hakea bucculenta
Hakea dactyloides
*Hakea epiglottis
Hakea laurina
Hakea microcarpa
Hakea multilineata
Hakea nodosa
Hakea petiolaris
Hakea platysperma
Hakea sericea
Hakea teretifolia
Isopogon anemonifolius
*Orites diversifolius
*Orites revolutus
Persoonia linearis
Stenocarpos sinuatus

SAPINDACEAE
Dodonea falcata
Dodonea triquetra
Dodonaea viscosa
Dodonea viscosa subsp. spatulata

3 Shelf life a few years/ not known

AIZOACEAE - Succulents
Carpobrotus rossii
Disphyma crassifolium
Tetragonia tetragonioides

APIACEAE - Carrot family
Aciphylla aurea
Aciphylla congesta
Aciphylla monroi
Aciphylla scott-thomsonii
Aciphylla simplex
Aciphylla squarrosa
Anisotome latifolia
Anisotome lyallii

ARALIACEAE - Ivy family
Pseudopanax laetus
Schefflera digitata

ASPHODELACEAE - Lilies, Flax lilies and Grass Trees

Bulbine glauca
Bulbine semibarbata
Bulbinella angustifolia
Bulbinella gibbsii
Bulbinella gibbsii var. balanifera
Bulbinella hookeri
Dianella amoena
Dianella bambusifolia
Dianella brevicaulis
Dianella caerulea
Dianella nigra
Dianella revoluta
Dianella tasmanica
Xanthorrhoea australis
Xanthorrhoea johnsonii
Xanthorrhoea preissii
Xanthorrhoea resinosa

ASTELIACEAE - Spear Lilies

Astelia banksii
Astelia fragrans

CHENOPODIACEAE Goosefoot family

Atriplex nummularia

CUNONIACEAE

Callicoma serratifolia
Weinmannia racemosa

CUPRESSACEAE Cypress family

Callitris oblonga
Calliltris rhomboidea

CYPERACEAE - Sedges

Carex apressa
Carex buchananii
Carex chathamica
Carex dissita
Carex dallii
Carex flagellifera (var. red)
Carex geminata
Carex pumila (syn. Uncinia rubra)
Carex trifida
Carex virgata
Carpha alpina

ELAEOCARPACEAE

Elaeocarpus reticulatus

EUPHORBIACEAE - Spurge family

Ricinocarpus pinifolius

GERANIACEAE - Geraniums and Pelargoniums

Pelargonium australe (UK provenance)

IRIDACEAE - Australasian irises

Diplarrena latifolia
Diplarrena moraea
Libertia cranwellii (UK provenance)
Libertia grandiflora
Libertia ixioides
Orthrosanthus multiflorus (UK provenance, garden saved)
Patersonia occidentalis
Patersonia sericea

JUNCACEAE - Rushes

Juncus pallidus

LORANTHACEAE Mistletoe family

Amyema preissii
Nuytsia floribunda

OLEACEAE - Olive family

Notelaea ligustrina

PLANTAGINACEAE - Speedwells

Veronica derwentiana (Derwentia derwentiana, Parahebe derwentiana)
Veronica raoullii (Hebe raoullii)

POLYGONACEAE - Docks

Muehlenbeckia astonii
Muehlenbeckia axillaris

RHAMNACEAE - Buckthorn family

Pomaderris elliptica
Pomaderris paniculosa subsp. novae-zelandiae

ROSACEAE - Rose family

Acaena buchananii
Acaena caesiiglauca
Acaena fissistipula
Acaena inermis
Acaena microphylla

ROUSSEACEAE

Carpodetus serratus

RUTACEAE - Citrus family

Boronia megastigma
Boronia ramosa
Correa alba
Correa backhouseana
Crowea angustifolia
Flindersia collina
Melicope ternata

SANTALACEAE

Exocarpos sparteus

SCROPHULARIACEAE - Figworts

Myoporum insulare
Myoporum montanum

STYLIDIACEAE - Trigger Plants

Stylidium laricifolium

VITACEAE - Grapevine family

Cissus hypoglauca
